

Welcoming Michigan

When Michigan welcomes immigrants, Michigan thrives.

A great way to show that you care about making Michigan a welcoming state is to take the Welcoming Michigan pledge, or as we like to say, **“Raise Your Hand!”**

“I reach out my hand to welcome immigrants. I believe that immigrants bring new energy, new ideas, and a new commitment to a better life that benefits us all.”

Building immigrant-friendly communities is our goal.

Welcoming Michigan seeks to build mutual respect among U.S.-born and foreign-born people who call Michigan home today. **Together. It's better.**
